

Welcome to TONI LAND

"Land's music is inspiring, strong, consistently dynamic. It ranks right up there with the best in the business." Jan Best, Independent Songwriter Magazine

Out of the Pacific Northwest, Toni Land, award-winning singer/songwriter is described as "surefooted in her travels between country and folk." Land has earned comparisons to Sheryl Crow, Shawn Colvin and Lucinda Williams. Her fourth CD, *Lucky Cat*, just released on Wondergirl Music, is bluegrass, country and rock and roll at it's best! Fun, intelligent, and heart-warming, *Lucky Cat* unfurls like one of Land's captivating live performances: Full throttle at the start, dynamic in the middle, and intimate at the end.

With homes in both The Pacific Northwest and Southern California, Land tours aggressively on the West Coast and has earned a reputation for her dynamic crowd-wowing live performances. As Greg Moore of *Jam Magazine* comments, "Toni raises the bar on what powerful performance should be." She has played return engagements at many of the region's largest festivals, including the California Avocado Festival (100,000-plus attendees), The Daisychain Music Fair (55 top Northwest female acts), North by Northwest and Oregon's Bite of Portland.
